STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Holderness in the County of Grafton, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Holderness on Tuesday the twelfth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year. And for the election of Delegates at Large; Alternate Delegates at Large; Delegates and Alternate Delegates to the National Conventions of the various political parties, to be held to nominate party candidates for President and Vice-President of the United States; as set forth on the Direct Primary Notice to voters of New Hampshire, Dated January 15, 1940.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriations for the same as estimated in budget.

3. To see if the town will vote to accept State Aid and to raise and appropriate $2,476.00 to be expended jointly with $2,476.00 which is to be expended on North Holderness road.

4. To raise and appropriate such sums of money as may be necessary for repairing highways and bridges for the ensuing year.

5. To raise and appropriate such sums of money as necessary for permanent improvement roads and maintenance.

6. To raise and appropriate money for town construction of improved roads.

7. To see if the town will raise and appropriate the sum of $400.00 for White Pine Blister Rust control.

8. To raise and appropriate money to care for cemeteries.

9. To see what sum of money the town will raise for support of libraries for the ensuing year.

10. To see what sum of money the town will raise and appropriate for Memorial Day exercises.

11. To see if the town will vote to instruct the selectmen to hire money in anticipation of taxes.

12. To see if the town will raise and appropriate money for the benefit of Memorial Hospital of Plymouth.

13. To see if the town will raise and appropriate the sum of $168.00 to advertise the Lake Region.

14. To see if the town will vote to purchase a tractor and snow plow, or any snow removal equipment and raise and appropriate money for same.

15. To see if the town will vote to raise and appropriate money to pay outstanding note or notes.

16. To see if the town will vote to raise and appropriate money for the purchase of the Long property for a fire house, or take any vote relating thereto, and raise and appropriate money for the same.

17. To see if the town will vote to raise and appropriate a sum of money for the Laconia Hospital Association.

18. To see if the town will consider taking the Jones property for a town farm or any other property, and raise and appropriate money for the same, or take any vote relating thereto.

19. To see how much money the town will vote to raise and appropriate to move the safe in the selectmen's rooms to the town clerk's home and take any vote relating thereto.

20. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 16th day of February in the year of our Lord, nineteen hundred and forty.

CLARENCE W. HUCKINS,
HOWARD PEASE,
CHARLES A. HASKELL,
Selectmen of Holderness.

A true copy of Warrant—Attest:

CLARENCE W. HUCKINS,
HOWARD PEASE,
CHARLES A. HASKELL,
Selectmen of Holderness.

School Report

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eighteenth day of March, 1940, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see what action the District will take with reference to the report of the Special Committee authorized to investigate the question of a centralized school.

10. To see if the District will vote to purchase land suitable for a building site and to construct a school building in the town of Holderness in the County of Grafton and State of New Hampshire.

11. To see if the District will authorize the issuance and sale of not exceeding $25,000 in principal amount of bonds or notes of the Holderness School District in accordance with the provisions of the Public Laws Chapter 59, as amended, to bear interest not exceeding five per cent per annum to be payable in accordance with the public laws of New Hampshire, and the date of issuance, the time and place of payments of principal and interest, the rate of interest, provision for the sale of said bonds or notes, and other matters in relation thereto to be left to the discretion of the School Board of the Holderness School District.

12. To transact any other business that may legally come before the meeting.

Given under our hands at said Holderness this 19th day of February, 1940.

CHRISTINE MARDEN,
LLOYD D. PERKINS,
MARY F. PEASE,
School Board.

A true copy of Warrant—Attest:

CHRISTINE MARDEN,
LLOYD D. PERKINS,
MARY F. PEASE,
School Board.

Educational Policy

We hear and read a great deal these days about democracy. The experience of European countries who have tried democracy and failed proves to us that democracy is not just a form of government with a written constitution. It is a way of thinking and believing on the part of people. This understanding and faith, vital to our country's existence, can be fostered in our public schools. One of the purposes of education is to develop a loyalty to the American way of life.

Travelers in Germany and Italy from this country find the youth of those nations full of enthusiasm for their leaders and are disappointed at the thought that there is no such enthusiasm for their country on the part of the children in the United States. We tend to take our heritage of freedom as a matter of course, and are likely to lose the realization that is a precious and costly thing. One educator has said, "To make democracy work we must make a religion out of it."

Experience has shown that it is not enough to talk about good citizenship and to understand the workings of our town meetings, national elections, and the duties of various officers. Our young people must learn to be citizens by practicing good citizenship. The school that can permit boys and girls to exercise self-control, to make their own decisions, to learn to work with others and not to shirk responsibility, is doing its part to make America a better country to live in.

Recent Changes in School Laws

Al the last session of the General Court two important changes in the state educational laws were made. One of these dealt with the education of handicapped children and the other with regulations affecting school transportation.

Heretofore pupils who were handicapped through lameness, deafness, blindness, or other physical de-

fect, have been excused from school attendance on that account. Any education which they received has been provided for them at their parents' expense. The new law requires that such children have either transportation to school (no matter how near they may live to the school building) or, if they are unable to attend school, instruction must be provided for them at home at the expense of the district. This requirement does not apply in cases of temporary handicaps such as a broken leg or illness but only to those whose handicap is permanent.

The other new law has given to the State Motor Vehicle Department the authority to make and enforce regulations regarding school busses. Regulations for this school year (until July 1, 1940) have recently been issued. It is expected that these regulations will be changed from year to year in order to provide greater safety and comfort for children who are carried to school.

Centralization

In March, 1939, it was voted at the district meeting to appoint a committee which was authorized to investigate the matter of a centralized school for Holderness. This committee's findings appear on another page of this report.

Your committee has devoted much time and careful study to this question. Their recommendations are entitled to serious consideration by the voters at the district meeting and the members of the committee deserve the thanks of all of us for the care and thoroughness with which they have performed their duties.

The School Nurse

Miss Eva Nelson who has served us as school nurse for the past two years was unable to return to her duties in September because of illness. Her work has been taken over by Miss Ruth Allen. Miss Allen comes to us from Dover and has had several years of experience in this work.

Acknowledgments

There is a fine spirit of cooperation in Holderness shown by the school board, teachers, school nurse, pupils, and other people of the community. This is much appreciated. Special mention should be made of the generosity of the Red Cross and the Mt. Livermore Grange. Let us continue to work together for the good of our children.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent.

REPORT OF SCHOOL NURSE

Town of Holderness

This report is a summary of the work done by the school nurse from September 5, 1939, to January 1, 1940.

Pupils inspected	68
Visits to schools	16

Dr. Samuel Feiner, the school physician, made very thorough physical examinations on all school children in the town of Holderness. Notices of all defects found on examination were sent to all parents.

Dental and tonsillectomy clinics are being planned to take place before the end of the school year.

Food for lunches in the schools is being obtained from Surplus Commodities. This is a splendid contribution to better well-balanced meals in school.

The cooperation of the superintendent, members of the school board, teachers and parents of the community has been very much appreciated.

Respectfully submitted,

RUTH E. ALLEN, R. N.

REPORT OF INVESTIGATING COMMITTEE FOR CENTRALIZED SCHOOL

To the Voters of Holderness:

The committee appointed at the last annual school district meeting for the purpose of investigating the matter of a centralized school in regard to the cost, the equipment, etc., submits the following report:

The committee finds there are four one-room schools open this year with a total attendance of 78 pupils. In addition there are 6 attending the West Center Harbor school. It seems advisable for the 12 pupils attending the Plymouth Grade school from the Intervale to continue to do so, even if a centralized school should be established.

To accommodate this number of pupils to the best advantage a modern four room building, having central heating, running water for drinking fountains and sanitary toilets would be indicated. The committee would suggest that with the present number of pupils only three rooms be equipped at this time. The committee visited several schools of this type with a representative of the State Board of Education and found the centralized schools to be more than satisfactory to all members of their respective communities with whom we talked. These schools were all arranged with the four rooms on one floor and a large high posted basement, part of which was used as a small assembly hall large enough for graduating exercises, the rest was used for manual training and home economics where desired, also for a lunch room with facilities for serving hot lunches.

It seems to the committee the most central location for the proposed school would be somewhere between the Bridge and the Town House, near the State road. It is very desirable to have the building situated far enough from the road, however, to keep the children safe from traffic and to have a large playground.

The question of transportation can best be taken

care of with three main bus routes and one feeder. Route No. 1 would run from Livermore Falls to Holderness School then over the back road from Plymouth to the Town House and would transport 34 children a distance of 7 miles. The feeder route would start at William Ford's and deliver its load of 5 children to Route No. 1 near the Holderness School. It would be 2½ miles long. Route No. 2 would start at Coxboro, thence to East Holderness school, returning through the Bridge. It would carry 25 children 6½ miles. Route No. 3 is now covered, running from the old True school through the Bridge. It would transport 12 children 5½ miles.

Taking into consideration the saving of one teacher's salary, elementary tuition paid to the other Districts, repairs, and the increase in transportation cost and janitor and fuel expenses, the committee estimates the maintenance and operating cost of the proposed centralized school would be about $11,600.00 as compared to the present budget for 1940-41 of $10,931.00 or an increase of only $669.00. This would only mean an increase of 5% per year. The proposed building, the committee estimates, would cost about $25,000.00. This figure is based on the actual cost of the Candia school which is exactly the size recommended, plus what we have figured would be the increase in building cost as estimated from the latest figures given by the State Board of Education. This money could best be obtained by floating a serial bond issue which could be obtained for about 3%. This would mean an annual expenditure, including the charge for the money and payment on the principal plus the added operating cost of about $2,500.00, or an increase of about 16 cents in the tax rate.

The committee feel the children of the town would benefit from a centralized school. It would increase the facilities for teaching, it would provide excellent sanitation, there would be central heating, and what seems most important, it would increase the number in each grade so there would be more competition for the pupils. With the larger group the pupils benefit by association with other children more than possible in

the one room schools. It would be following the general trend in the state. In 1919 there were 803 one room schools. In 1936 there were only 410 or less than half the number. In 1938 there were only 352 one room schools in the state or a decrease of 58 in two years.

Respectfully submitted,

HAROLD T. SOMMERS,
WILLIAM MUZZEY,
FRANK G. WEBSTER,
Committee.
